

This year, the SPGH – Portuguese Society of Human Genetics - commemorates its 25th anniversary.

The Scientific Program Committee and its Board of Directors welcome you to a 2-days event with an exceptional list of speakers in the field of Human Genetics.

The SPGH annual meeting is the best platform for updates in Human Genetics and to showcase exceptional science made in Portugal.

Thursday, 18 November 2021

Carlos Caldas	Cambridge UK	Genomic and epigenomic signatures in breast cancer
Heloísa Santos	Lisbon, Portugal	<i>História da Genética Médica em Portugal</i>
José Bessa	Porto, Portugal	Non-coding mutations in human pancreatic diseases
Cristina Dias	London, UK	Chromatin remodellers in neurodevelopment and ID
Jorge Sequeiros	Porto, Portugal	Genetic carrier screening in Portugal
